TUI in Turkey

Turkey is one of the most popular holiday destinations for TUI holiday makers from all European source markets. The country ranks among the top five top holiday destinations of TUI in terms of bookings and is experiencing this summer season a strong double-digit growth. TUI has a presence of more than 40 years in Turkey and has been contributing to the development of tourism in the country ever since. With its strong and long-lasting cooperation with a high number of local partners, TUI intends to further grow in Turkey.

In summer 2019, the portfolio of TUI Group's all-inclusive club brand will be complemented by the launch of four additional new hotels of the international hotel concepts: TUI Sensatori, TUI Family Life and TUI Sensimar. Overall, TUI Group operates 29 hotels in Turkey.

TUI Care Foundation in Turkey

TUI Care Foundation is helping 150 rural, small-scale producers in south-west Turkey to participate in and benefit from the tourism economy. Traditional delicacies made from this fresh produce, such as oils, vinegars and jams, will be bought by hotels for their kitchens and gift shops. Together with the project partner, TUI Care Foundation will support local producers to develop a range of goods that appeal to hotels and customers, and encourage hotels to buy locally, and promote local products to their customers.
