TUI Care Foundation in Greece

TUI Care Foundation helps to identify sustainable local products, like varieties of grapes that are unique on Crete and have a long tradition. Then, they support with the promotion of these products to the local tourism industry to ensure that hotels use the local olive oil in their dishes, restaurants serve locally produced wine, shops sell these local products and that excursions do a good job of showcasing these offerings. In this way holidaymakers can keep enjoying all that Greek cuisine has to offer whilst at the same time being confident that the local economy of Crete is being supported.
