TUI Care Foundation in Spain

Malaga: TUI Care Foundation is supporting the initiative Flavours of Malaga. Between up to 70 women will develop and run food-related activities for tourists, including cookery workshops, trips to markets and guided tours. They will also collaborate with shops to sell local produce like wine, olives and Andalucía’s famous cured ham. Educational organisations, shops, food suppliers, tourism businesses and local government will all be involved in the project and will also support the women with training to help them develop their entrepreneurial and leadership skills.

Lanzarote: TUI Care Foundation supports a project to preserve this cultural heritage of traditional winemaking, by developing ecological winemaking on the island and providing locals with disabilities new opportunities for employment. A dozen people with (mostly physical) disabilities are employed in repositioning the grapevines and rebuilding the stone walls.
